It will only require 15 minutes of exercise, twice a week, paired with a controlled-carb diet, and on the average, you will lose 10 pounds of fat within five weeks. It's hard to believe, but it works—and 15 Minutes to Fitness:Dr. Ben's

certainly not. The  
foundation of this

the last 40 years in the  
fitness and health field,  
and as he approaches  
70, people are still  
shocked to hear that he  
only spends 14 minutes  
twice a week on  
working out. But it's
