Occasionally an international edition will have a different ISBN. Despite potential differences, international edition textbooks should still line up by page numbers and any problem sets presented should be the same with exact answers. When considering selling an international edition textbook, it is very important to understand copyright law.

What To Know About International Edition Textbooks ...

Consider international editions - textbooks that have been published outside the US. These books are usually significantly cheaper than textbooks published in the US. Offering tremendous value, international edition textbooks are created to be sold in different regions and are often printed on cheaper paper and are usually softcover.
