One of the crucial requirements to be a psychotherapist is the ability to look for the true meaning of things. Therapy is a lot like mystery solving because there are lots of things that are unspoken at first. You need to be interested in human behaviour. Also, you need to guide the therapy session with the related questions.

Basic Skills in Psychotherapy and Counseling: Amazon.co.uk ...

As a concomitant of silence, listening and understanding are major parts of therapy. Therapists bear witness to never expressed emotions and memories, and hear of injustices that may have been perpetrated many decades ago. The problem with listening and understanding is to hear what clients say, as they intend to say it.
