An erotically charged, addictive thriller from the future queen of suspense. Living in Toronto for a year, Elena is leading the normal life she has always dreamed of, including a stable job as a journalist and a nice apartment shared with her boyfriend. As the lone female werewolf in existence, only her secret midnight prowls and her occasional inhuman cravings set her apart. Just one year ago, life was very different. Adopted by the Pack when bitten, Elena had spent years struggling with her resentment at having her life stolen away. Torn between two worlds, and overwhelmed by the new passions coursing through her body, her only option for control was to deny her awakening needs and escape. But now the Pack has called Elena home to help them fight an alliance of renegade werewolves who are bent on exposing and annihilating the Pack. And although Elena is obliged to rejoin her "family," she vows not to be swept up in Pack life again, no matter how natural it might feel. She has made her choice. Trouble is, she's increasingly uncertain if it's the right one. An erotically charged thriller, Bitten will awaken the voracious appetite of every reader, as the age-old battle between man and beast, between human and inhuman forces, comes to a head in one small town and within one woman's body.

Have you been attacked by a wolf-like creature in the last 30 days? Was it after the sun had set and under a full moon? If you answered, “ yes ” to both these questions, there ’ s a very good chance that you were bitten by a werewolf. You now have less than a month before the full moon returns and with it your first transformation into a savage, bloodthirsty beast. Survival is an option, but first, know this: * Werewolves are real. * The majority of lycanthropes who do not have access to this book die during or shortly after their first transformations, generally due to heart failure, gunshot wounds, exposure, drowning or suicide. * Hollywood horror movies are NOT to be used as guides to living as a werewolf. Their goal is not to educate, but to entertain. As a result, they are largely ignorant of the realities of the condition. * Ignorance creates monsters; lycanthropy does not. * You are not a monster. The Werewolf’s Guide to Life cuts through the fiction and guides you through your first transformation and beyond, offering indispensable advice on how to tell if you ’ re really a werewolf, post-attack etiquette, breaking the news to your spouse, avoiding government abduction, and how to not just survive, but thrive. You cannot afford to not read this book. Your very life depends on it.

You can have your cake and eat it too... can't you? Galen is a Vampire, Rafferty is a Red Wolf, and the twins, Ranger and Maverick shift into Grey Wolves. What the shifters don't know is there is a war brewing and Lexi is caught right in the middle. But Lexi isn't human... Is she the cure they all have been waiting for? Or is she the destruction that ends them all. Can she save the packs and the people she has come to call family and friends? Possible Trigger warnings. This book contains violence and 'self sacrificing heroes' which may be triggers for some readers. MM themes, and some sex themes.

In this exciting debut, author Keri Arthur explodes onto the supernatural scene with a sexy, sensuous tale of intrigue and suspense set in a world where legends walk and the shady paths of the underworld are far more sinister than anyone envisioned. A rare hybrid of vampire and werewolf, Riley Jenson and her twin brother, Rhoan, work for Melbourne ’ s Directorate of Other Races, an organization created to police the supernatural races – and protect humans from their depredations. While Rhoan is an exalted guardian, a.k.a. assassin, Riley is merely an office worker – until her brother goes missing on one of his missions. The timing couldn ’ t be worse. More werewolf than vampire, Riley is vulnerable to the moon heat, the weeklong period before the full moon, when her need to mate becomes all-consuming.... Luckily Riley has two willing partners to satisfy her every need. But she will have to control her urges if she ’ s going to find her brother....Easier said than done as the city pulses with frenzied desire, and Riley is confronted with a very powerful – and delectably naked – vamp who raises her temperature like never before. In matters carnal, Riley has met her match. But in matters criminal, she must follow her instincts not only to find her brother but to stop an unholy harvest. For someone is doing some shifty cloning in an attempt to produce the ultimate warrior – by tapping into the genome of nonhumans like Rhoan. Now Riley knows just how dangerous the world is for her kind – and just how much it needs her. BONUS: This edition contains an excerpt from Keri Arthur's *Kissing Sin*.
