Business Ethics In Spain Antonio

BUSINESS ETHICS IN SPAIN Abstract This article is a survey of the development of the social, political, cultural and economic background of business in Spain since 1940, and aims to show how the ethical values, attitudes and problems of Spanish managers have changed in these years. First, the global evolution of this background is explained, and then several relevant problems are discussed, namely the attitudes of business towards the State and the law (with an aside on the attitudes of ...

Business Ethics in Spain

Professor Antonio Argandoña, of the Instituto de Estudios Superiores de la Empresa (IESE) in Barcelona, is a leading authority on business ethics. He sees Spanish business facing many moral issues. The recent story of the Spanish economy is the case of a rural, backward and traditional society that in less than half a century has become a modern, industrialised and progressive country.
