sanctuary in Kratie province for three days to learn about at-risk Irrawaddy dolphins along the Mekong River and the conservation approaches in place to keep the population going.

Youths get chance to study river dolphins Phnom Penh Post

Riverine litter items were deposited to both sides of the river mouths on coastal beaches, and their abundance generally declined with distance from the river mouth. However, maximum litter accumulations were often found on beaches north of the river mouth, suggesting a long-term influence of the prevailing equatorward low-level jet along the Chilean coast.

Rivers as a source of marine litter - A study from the SE ...

? The statement uttered by chief Odore Gogni summaries the story a homo without daughters is like a spring without a source. ? The title the river and the source refers to Akoko and her successive generation of children, grand children and great grand children. ? From Akoko, the source, The river flows across the face of Kenya and can be seen in places like Nakuru and Nairobi. ? At first, the river appears to dry up when Obura and Owang sino die suddenly but it picks up in Nyaberas daughter.
