Wouldn't it be great if you could be audaciously ambitious and happy at the same time? You can, and you will. I'm here to tell you that all of your priorities—personal and ambitious career goals alike—can fit together harmoniously. I'll show you how, like thousands of women I've worked with over the years, you can make more money, earn the credit and recognition you deserve, have more power, and be as ambitious as you want to be. I'll show you how you can be ambitious without compromising your ethics and integrity. I'll show you that you can feel worthy and entitled to all of this without fear that you risk sacrificing your desire to have a full, happy personal life and without being afraid that you'll be less of a woman. It's worked for me. It's worked for countless ambitious women I've advised. It will work for you. From *Ambition is Not a Dirty Word: A Woman's Guide to Earning Her Worth and Achieving Her Dreams* We women aren't advancing in our careers the way we should. We're not making the money we deserve or getting the fulfillment we desire. And this time it's not men who are holding us back. This time we're doing it to ourselves, because ambition—for us—is still a dirty word. Debra Condren has coached thousands of women at every level—from those just starting out to the most powerful female executives in the United States—and each one possesses the same fear: if she goes after her dream, she'll be seen as selfish, bitchy, a bad wife, or bad mother. But it's exactly this fear of ambition that has forced women to leave the best part of themselves—their dreams, their great talents—by the roadside, rendering them less able to be the whole people they should be in every area of their lives. Condren has a new message and mission: to remind women that ambition is a virtue, not a vice. Ambition is the best of who we are. The real way to have a great life is to see ambition as a part of your value system to which you must give equal attention, along with the other priorities you hold dear, including your spouse, your children, and your friends. In *Ambition is Not a Dirty Word*, Dr. Condren offers fresh, powerful tools for reclaiming your dreams. Her eight Ambitious Rules provide concrete, innovative solutions to the everyday struggles we as women face, like taking credit, deflecting detractors, and handling confrontation, so that you can become more powerful and fulfilled at work and more satisfied at home. You can redefine your ambition in the face of social sanctions and unapologetically go after your dreams without sacrificing the rest of your life. You owe it to yourself and the world to make the contribution you were born to make. Debra Condren will show you how to do it.

Windows 7 is more than an operating system. It's your gateway to email, the Web, work, entertainment, and fun. The latest Windows makes your computer more fun, easy, and powerful to use than ever before. With Windows 7 Made Simple, you can unlock the potential and power of Microsoft's latest operating system. Get up and running quickly with the Quick Start Guide Find what you want to know quickly, and learn at your own pace Read AND see how to do it with handy step-by-step visual aids

Rose is a princess, a Cinder, and half-human. She is the last one born of her kind, and on her twenty-first birthday, she must enter the woods and travel to find her Prince, as her sisters did before her. ". . . And we will all dance at the Grand Ball," her sisters would always say. But the Human servants are keeping a secret that could prevent the Cinders from reaching their Happily Ever After....Hidden in Rose's dreams and vision are the answers of the past between Cinders and Humans, and she is quickly running out of time trying to solve their hidden messages. She knows the answer lies in her first clue--identifying an animal she has never seen before--that persistent vision of a furry white animal, holding a gold metal object and exclaiming, "Oh dear! Oh dear! I shall be too late!"

W. E. B. Du Bois was a public intellectual, sociologist, and activist on behalf of the African American community. He profoundly shaped black political culture in the United States through his founding role in the NAACP, as well as internationally through the Pan-African movement. Du Bois's sociological and historical research on African-American communities and culture broke ground in many areas, including the history of the post-Civil War Reconstruction period. Du Bois was also a prolific author of novels, autobiographical accounts, innumerable editorials and journalistic pieces, and several works of history. One of the most neglected and obscure books by W. E. B. Du Bois, *In Battle for Peace* frankly documents Du Bois's experiences following his attempts to mobilize Americans against the emerging conflict between the United States and the Soviet Union. A victim of McCarthyism, Du Bois endured a humiliating trial--he was later acquitted--and faced political persecution for over a decade. Part autobiography and part political statement, *In Battle for Peace* remains today a powerful analysis of race in America. With a series introduction by editor Henry Louis Gates, Jr., and an introduction by Manning Marable, this edition is essential for anyone interested in African American history.

Enna is a girl who doesn't believe in herself and often utters the phrase "I can't do that!" One night in a dream she sees all the possible future versions of herself, discovering that she can be any of those versions with time, knowledge and dedication. She develops a growth mindset throughout her journey and instead of saying "I can't do that," she learns to say "I can't do that YET!"

Focusing on the bizarre, a collection of entertaining, illustrated travel guides features a host of oddball curiosities, ghosts and haunted places, local legends, cursed roads, crazy characters, and unusual roadside attractions that can be found throughout the United States.

Teens form an all-girl band in the face of an impending comet. A woman faces giant spiders to collect silk and protect her family. New friends take their radio show on the road in search of plague survivors. A man seeks love in a fading world. How would you survive the apocalypse? *Defying Doomsday* is an anthology of apocalypse fiction featuring disabled and chronically ill protagonists, proving it's not always the "fittest"

## Read Free Verizon Xv6800 User Guide

who survive – it's the most tenacious, stubborn, enduring and innovative characters who have the best chance of adapting when everything is lost. In stories of fear, hope and survival, this anthology gives new perspectives on the end of the world, from authors Corinne Duyvis, Janet Edwards, Seanan McGuire, Tansy Rayner Roberts, Stephanie Gunn, Elinor Caiman Sands, Rivqa Rafael, Bogi Takács, John Chu, Maree Kimberley, Octavia Cade, Lauren E Mitchell, Thoraiya Dyer, Samantha Rich, and K L Evangelista.

At last - an antithesis to chick-lit. Set in a dystopic Manchester, *A Clockwork Apple* introduces Alex, an angry young heroine for our times who rages against the middling 'Blytons' and all they stand for. Her gang is all female, the state's control is exercised through addiction therapy, and Alex's solace is in high literature and postmodern deconstructionism!

The Science Focus Second Edition is the complete science package for the teaching of the New South Wales Stage 4 and 5 Science Syllabus. The Science Focus Second Edition package retains the identified strengths of the highly successful First Edition and includes a number of new and exciting features, improvements and components. The student book includes: Chapter opening pages which include the key prescribed focus area for the chapter and a clear distinction between essential and additional content; Updated and revised content, photos, illustrations and 'science clip' boxes in a format that is easy to read and follow; Unit questions under headings that are structured in a hierarchical progression using Bloom's Revised Taxonomy; Additional questions which include research, creative writing, investigations and internet activities; Practical activities at the end of each unit allowing teachers to choose when to do practical work.; Student CD which contains an electronic version of the student book.

Offering both practical advice for teachers, counsellors, and administrators, and provocative essays on the politics of gender in schools, this collection brings together established and emerging scholars of trans issues in education. As more young people identify as trans, or outside normative gender categories, schools must find ways to support their educational success. The authors in this volume explore the diverse experiences of trans youth in schools and insist on understanding trans experiences intersectionally. The chapters grapple with policies, procedures, curricula, and administrative practices that too often neglect the needs of trans students; but also present stories about the ordinary challenges and pleasures that trans youth experience in adolescence. This volume will be of interest to all inclusivity-minded educators and scholars of trans youth. This book was originally published as a special issue of *Sex Education*.
