The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country In Words That Work, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like "The Ten Rules of Successful Communication" and "The 21 Words and Phrases for the 21st Century," he examines how choosing the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. Hell tell us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than "digital cable," and why pharmaceutical companies transitioned their message from "treatment" to "prevention" and "wellness." If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

An excellent supplemental confirmation resource, or meaningful confirmation or graduation gift, Words for the Journey: Letters to Our Teenagers About Life and Faith, first published in 2003, is an original collection of letters written by Martin Copenhaver and Anthony Robinson to their teenagers. They discuss a wide variety of topics - God, church, Bible, vocation, relationships, difficult matters, faith, doubt, prayer, sex, abortion, race, and homosexuality - and share what God and their faith means to them.

The phenomenon returns! Originally published in 1987, The Book of Questions, a New York Times bestseller, has been completely revised and updated to incorporate the myriad cultural shifts and hot-button issues of the past twenty-five years, making it current and even more appealing. This is a book for personal growth, a tool for deepening relationships, a lively conversation starter for the family dinner table, a fun way to pass the time in the car. It poses over 300 questions that invite people to explore the most fascinating of subjects: themselves and how they really feel about the world. The revised edition includes more than 100 all-new questions that delve into such topics as the disappearing border between man and machine—How would you react if you learned that a sad and beautiful poem that touched you deeply had been written by a computer? The challenges of being a parent—Would you completely rewrite your child ' s college-application essays if it would help him get into a better school? The never-endingly interesting topic of sex—Would you be willing to give up sex for a year if you knew it would give you a much deeper sense of peace than you now have? And of course the meaning of it all—if you were handed an envelope with the date of your death inside, and you knew you could do nothing to alter your fate, would you look? The Book of Questions may be the only publication that challenges—and even changes—the way you view the world, without offering a single opinion of its own.
